

THE FIRST INTERNATIONAL BIODYNAMIC WINE FORUM

A unique 3 day forum bringing together the world's leading Biodynamic vignerons from Europe, Australia and the USA

Keynote International Presenter

Nicolas Joly

Coulée de Serrant, France

Nicolas Joly, Coulée de Serrant, France has been working with Biodynamics for the last 20 years and is acclaimed as one of France's foremost winemakers.

He is the leading educator on Biodynamic viticulture, having authored *"Wine from Sky to Earth – Growing and Appreciating Biodynamic Wine"*, the only serious English language guide to Biodynamic Viticulture.

A Forum for those seeking excellence in wine!

- Bringing together recognised leaders in Biodynamic Viticulture who produce some of the most highly esteemed wines on the world market;
- A rare opportunity to learn about Biodynamic innovation and its importance to wine from world class producers that are actually doing it;
- Develop the foundations for implementing world best practice Biodynamic production as an economic and environmentally sound method of achieving international excellence in wine;
- Taste and experience the Biodynamic difference first hand, as we explore this with a selection of up to 50 of the world's best Biodynamic wines;
- Discover the technique that guarantees true terroir, purity of flavour and exceptional wine.

19 - 21 November 2004

La Trobe at Beechworth, Victoria, Australia

**BIODYNAMICS:
the difference between
great wine and truly
exceptional wine!**

As demonstrated by international icons, DRC, Leroy, Leflaive, Joly and Chapatier and fine new world producers – Cullen, Jasper Hill, Castagna and Millton.
